

Denmark the 11.11.2010

To all Referees, Coaches and Fighters!!!!

Info to: The Board

The JJIF Referee Director Henrik Sandberg has important information to all of you....

It seems that we have some misunderstanding here in Europe, but I want you all to understand something that's very important for our Federation according the rules:

**We have 2 important changes in our rules:**

1. New is: The warning area is not there anymore meaning: The fighting area is 8x8 and the safety 2 meters.
2. New is: When there is Hiki-Waki we have put in an extra rule in (see the rules)! on [www.jjif-referees.com](http://www.jjif-referees.com) !!
3. Important: Is that this is the **only thing there are changes!!!**
4. Please follow the rules from the referee home page....
5. **Extra info for you is : That we have never in the TC. Meeting decided it is allowed to hit any won on the floor and it is **not allowed !!****

In our Sport we don't hit, kick or use elbow on people who are more or less defend less and try to come up!!! Let`s thinks on TV, World Game and Euro Sport TV, do you think it is good for our Federation?

I really hope all understand .....I really hope you respect this unwritten rule!!!!

Now I want you please send this messages out to all you coaches/fighters and National referees in your own country! And I thank you for that.....See some of you in Russia

Best regard

Henrik Sandberg JJIF Referee Director

Bert van Haven JJIF Chief Coach

Roel van Ravens JJEU Referee Director

Ueli Zürcher General Secretary in the Referee Group JJIF and JJEU
